K. Public Officer's Law Requirements

All Bidders and their employees must be aware of and comply with the requirements of the New York State Public Officers Law, and all other appropriate provisions of New York State Law and all resultant codes, rules and regulations from State laws establishing the standards for business and professional activities of State employees and governing the conduct of employees of firms, associations and corporations in business with the State, and for applicable Federal laws and regulations of similar intent. In signing the proposal, each Bidder guarantees knowledge and full compliance with those provisions for any dealings, transactions, sales, contracts, services, offers, relationships, etc. involving the State and/or State employees. Public Officers' Law § 73 bars former State officers and employees from appearing, practicing, or rendering any services for compensation in relation to any matter before their former State agency for a period of two years from their date of termination. L. Omnibus Procurement Act

It is the policy of New York State to maximize opportunities for the participation of New York State business enterprises, including minority and women-owned business enterprises as bidders, subcontractors, and suppliers on its procurement contracts.

Information on the availability of New York State subcontractors and suppliers is available from the Department of Economic Development, Division for Small Business, Albany, New York 12245, Tel. 518.292.5100, Fax: 518.292.5884, email: opa@esd.ny.gov.

Development Division, 633 Third Avenue, New York, New York 10017, Tel. 212.803.2414,
email: mwbecertification@esd.ny.gov
website: <http://esd.ny.gov/MWBE/directorySearch.html>

M. Contract Execution

Awards are not final and the resultant contract is not considered executed and binding until approved by the New York State's Attorney General and Office of State Comptroller (OSC).

N. Vendor Responsibility Questionnaire

State agencies are required under State Finance Law § 163 (3) (a) (ii), to ensure that contracts are awarded to responsible vendors. Such requirements include, but are not limited to, the Bidder's qualifications, financial stability, and integrity. The Vendor Responsibility Questionnaire is required for contracts \$100,000 and over. OPWDD will require a complete Vendor Responsibility Questionnaire with your bid proposal if the contract resulting from this procurement is valued at \$100,000 and over. Vendors/not-for-profit provider agencies are able to file the Vendor Responsibility Questionnaire (VRQ) online via the New York State VendRep System or may choose to complete and submit a paper questionnaire. To enroll in and use the New York State VendRep System, see the www.osc.state.ny.us/vendrep.

O. Health Information Portability and Accountability Act (HIPAA)

The Federal Department of Health and Human Services (HHS) established HIPAA Standards for Privacy of Individually Identifiable Health Information (The Privacy Rule). The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

P. General Duties and Additional Responsibilities

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

Q. NYS Information Security Breach and Notification Act (NYS Technology Law, § 208)

“Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor’s negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor’s agents, officers, employees, or subcontractors.”

Cost Proposal Form

Directions: Do not alter the Cost Proposal Form(s) in any way or your bid may be disqualified. Ensure that all entries are neat and legible. Fill in a Company Name at the bottom of each Cost Proposal Form you're submitting and be sure to sign the **Cost Proposal Signature Page** (page 104). Please see page 18, **Section 17. Evaluation Criteria: Method of Award** for more information.

Each Day Hab listed under a DDSOO will be evaluated separately. You do NOT need to place a bid for every DDSOO. You do NOT need to place a bid for every Day Hab listed under a DDSOO.

Complete the following for **each** Day Hab that you're submitting a bid for:

1. Enter a **Daily Cost per Route** for the Day Hab. The Daily Cost per Route price includes the morning pick-up of the riders at their residences and transportation to the Day Hab **and** the afternoon departure from the Day Hab and subsequent drop-off of riders at their residences. This is a full-service contract and the price must include all required services. Please refer to the Scope of Work for details.
2. To determine the **Estimated Annual Cost per Route**, multiply the **Daily Cost per Route** by the **Estimated Number of Transport Days per Year** listed for the Day Hab.
3. Use the current ridership roster in **Exhibit A – Day Habilitation Programs per DDSOO** for the Day Hab to determine the **Total Number of Daily Routes Required**. Please note that some rosters span two pages so be sure you're viewing the full roster. Enter the number of routes required in the column labeled Total Number of Daily Routes Required. As per the Scope of Work, the number of individuals being transported may increase or decrease during the effective period of the contract. If additional routes are required after the contract start date, the Daily Cost per Route rate given for each Day Hab will be used. The number of routes may not be increased without prior approval from the Contract Management Unit or designee.
4. To determine the **Estimated Annual Total Cost for Transportation Services per Day Hab**, multiply the **Estimated Annual Cost per Route** by the **Total Number of Daily Routes Required**.
5. Enter a **Cost per Day for an Additional Attendant**. This expense will be paid outside of the contract, should an additional attendant be necessary.

On the Contract Signature Page, be sure to check one of the boxes regarding the availability and use of cameras on contracted transportation vehicles.
